**Former VP of Human Resources for X-Rite Launches Executive Search Firm**

Grand Rapids, Mich., June 11, 2008 -- Tony Sanders, former Vice President of Human Resources for X-Rite, has just launched Impact Executive Search, a professional recruitment firm aimed at filling top executive job vacancies. Based in Michigan but serving all of North America, Impact Executive Search specializes in recruiting for the manufacturing, technology and service industries.

Bringing more than 20 years of experience in growth through acquisitions, corporate restructuring, and start-up activities to the business, Sanders has already had success with Impact Executive Search. "This was a complex and very time sensitive CFO search, due to the screening filters we placed on the position and the time frame in which we wanted the executive on board," says Michael Dona, C.E.O. of Western Office Interiors in Southern California. "Impact Executive Search presented an impressive slate of highly qualified candidates that we screened to two finalists. [Tony Sanders] provided a great deal of intuition and experience in the screening process."

Sanders formed Impact Executive Search after leaving X-Rite earlier this year. He has professional experience in both Fortune 50 and smaller scale publicly-traded companies, and a background in manufacturing, marketing and human resources. Sanders received a Bachelor's Degree from the University of Baltimore and a Master of Business Administration from Mount Saint Mary's College in Maryland.
